

ATPL 650 - Online English Theory Course

The abbreviation ATPL means "Airline Transport Pilot License" and is the highest level of aircraft pilot certification. Individuals certified as Airline Transport Pilots are authorized to act as pilot-in-command (Captain) of an aircraft in commercial air transportation.

The ATPL 650 Online Theory course is designated to teach pilots on a distance-learning basis, which not only saves time and money but also gives the possibility to study when away from school.
